

Dream Stealers lie - No one should ever be told

“You’re going to die go home and get your paperwork in order” Doctors sent me home to die 17 years ago, I was terrified, allergic to everything, BP would soar 290/190 I went 96 days on only water and prayer. Before I changed my association, environment and discovering what “Coach at the Cellular Level” meant. Wife, Mother of eight and Grandmother of seventeen

NO ONE SHOULD GIVE UP ON THEIR DREAMS!
